Family & Nursing Care Receives 2010 Business Recycling Achievement Award

Reducing its Environmental Impact is Core Value for Family & Nursing Care

June 22, 2010, Silver Spring, MD – Family & Nursing Care, Inc., the area's leading and most highly regarded resource for private duty home care, was recently also recognized for its leadership in business recycling programs. The 'Outstanding Achievement in Recycling' Award, presented by the Montgomery County Department of Environmental Protection, Division of Solid Waste Services, is given to businesses for their outstanding efforts in implementing or improving their recycling, waste reduction or buying recycled programs.

“The recycling program at Family & Nursing Care is a perfect example of compliance with the County’s recycling regulations,” said Gabriela Monzon-Reynolds, Program Manager for Montgomery County’s Business Recycling Program. “They recycle all of the mandatory recyclable materials, have labeled recycling bins in appropriate sizes where materials are being generated and even conduct regular trainings for staff with their own set of do’s and don’ts. Keep up the good work!”

“At Family & Nursing Care, we are committed to referring the highest quality caregivers who will enhance the quality of life for our clients and families,” said Neal Kursban, President. “However, we also feel we should be accountable to society at large to operate as a responsible business. Implementing the recycling program at our office is just one more way that we can demonstrate this commitment.”

Out of the more than 35,000 businesses in Montgomery County, only 50 businesses are selected each year to receive the Recycling Awards.

About Family & Nursing Care

Family & Nursing Care, family owned and operated since 1968, has long been recognized as the area’s leading and most highly regarded resource for private duty home care. We specialize in helping families maintain a balanced lifestyle by referring experienced caregivers who provide a range of personalized services that meet the individual needs of each client. Our hallmark is finding that special match between each client and caregiver. Service is provided in Maryland (ALL of Montgomery and Prince George’s counties) and Washington, DC.
